HUNS GET PEACE TERMS AT VERSAILLES
"BLOND BEAST" STRIPPED OF ALL POWERBy FRED S. FERGUSON
(United Press Staff Correspondent)

VERSAILLES, May 7—The Germans received the terms of the peace treaty this afternoon on the fourth anniversary of the sinking of the Lusitania.

Four years ago Germany challenged civilization by torpedoing the liner without warning, killing 1,154 civilians.

Today she learns the price she must pay in finances, territory and loss of national prestige, her penalty in blood already having been exacted.

Selection of Versailles as the setting for this world drama is significant in that nearly a half century ago the modern German empire was born here at the conclusion of the Franco-Prussian war. Germany's dreams of world dominion began and ended in Versailles.

Premier Clemenceau was the first delegate to arrive for the peace conference. He reached the Triamion Palace Hotel at 2:20 P. M.

By FRED S. FERGUSON
(United Press Staff Correspondent)

PRESIDENT WILL BE ABROAD WHEN
CONGRESS CONVENES MAY 19TH

WASHINGTON, May 7—A call for congress to meet in special session May 19, was issued by President Wilson today. Receipt of the President's cable issuing a call was announced at the White House today by Secretary Tumulty. The date set for the reconvening of congress probably means that President Wilson will not be here for the opening session.

RETURNING TROOP MOVEMENTS ARE
EXCEEDING ALL ARMY EXPECTATIONS

WASHINGTON, May 7—Practically the entire American army, except the army of occupation, probably will have left France by September, Secretary of War Baker stated today. Ship movements have been so rapid he said that all but a small working force, which it will be necessary to maintain, shall have sailed for the United States before that time.

COURT NOTES

Three divorce actions were begun in the Clearfield county courts this morning by A. H. Woodward, Esq., representing as many clients.

Ruth B. Buffington seeks a divorce from Percy L. Buffington after a married life lasting from Dec. 12, 1912, to Sept. 7, 1917. Desertion is charged.

Dora M. Deter seeks to be released from the tie which legally binds her to George W. Deter. They were married Nov. 18, 1910, and quit April 9, 1919, because "as the wife alleges George was too prodigal with his affections and failed to respect his marriage vows."

June Stumpf asks for a divorce from Jesse M. Stumpf after a married life continuing from Dec. 20, 1915, to October 1918. The charge in this case is also one of misplaced and promiscuous affection.

Franklin C. Weaver, by his attorney A. H. Woodward, entered suit in the Prothonotary's office yesterday against Isaac Straw, of Westover, for the purpose of recovering \$192.57, alleged to be due on a contract to farm on the shares between the parties.

The time of criminal court was taken up yesterday with an assault and battery case from the "Alcoholic Flats" adjacent to Polk's Bottom. In this case "Bibleback" Wilson and his son had Mr. and Mrs. George Neil and their son Grover arrested for assault and battery. "Bibleback" was represented by Wallace Smith, while W. A. and A. R. Chase looked after the interests of the defendants. The parties are neighbors and the trouble grew out of a series of family jars or jars between the families. Some rich, rare and racy testimony was adduced and the jury after hearing the fearful and wonderful tales offered decided the kettle had nothing on the pot, no harm had been done and directed that each side pay half the costs, which amounted to \$80.73, 12 side the fees promised the opposing lawyers.

Ralph Rhen, the Woodland negro, charged with an outrageous crime against little 4 year old Bertha Peters was found guilty of assault and battery with attempt to ravish, but has not been sentenced by the court.

The case of Com. vs. Walter Mul-

loy occupied the attention of court this morning. Mulloy is charged with rape and adultery on information made by Miss May Beatty, of Morris township. The alleged crimes were committed near Philipsburg and Hawk Run while the couple were returning from the circus at Philipsburg on the night of May 1st, 1918. District Attorney Arnold conducted the prosecution while A. H. Woodward Esq., represented Mulloy.

A REAL WAR RELIC

We were privileged to see quite an interesting relic last evening in the shape of a pair of binoculars or field glasses which had gone through the fierce fighting of the Argonne forest, the St. Mihiel drive and the other engagements of the American army during the latter part of 1918 or up until the armistice was signed and hostilities ended.

These glasses were the property of the late Hy M. Kurtz and were purchased by him on one of his European trips. Mrs. J. R. Ruddick, nee Kate Stock, daughter of Mr. and Mrs. John A. Stock, was in Clearfield when her husband Captain J. R. Ruddick, received orders to accompany his unit overseas. Mrs. Ruddick inserted a "want ad." in The Progress asking for the loan of a pair of binoculars. Charles T. Kurtz who now owns these glasses responded and loaned them for Capt. Ruddick's use. Before accepting the glasses Mrs. Ruddick deposited \$65.00 with Mr. Kurtz as a guarantee in case of loss.

Captain Ruddick took the glasses to France with him and used them during the Argonne forest fighting and when stricken with influenza turned them over to his friend Capt. McCabe, who used them until wounded in the St. Mihiel drive and the glasses were then given to another army Captain who had them up until the end.

The glasses were received here last evening by John A. Stock for return to their owner, having been sent by Mrs. Ruddick from St. Paul, Minn., by parcel post. The cases shows the wear and tear of the strenuous campaign they were subjected to but the glasses are just as good as new.

The most curious bed ever seen was probably that made for Che-mah the famous Chinese dwarf. His bed was two feet six inches in length, and although he measured scarcely four inches around the chest, he insisted that it be made four feet wide.

"JOB FINISHERS" WILL HOLD BUMPER PARADE IN CLEARFIELD
ON SATURDAY NIGHT TO CELEBRATE LOAN SUCCESS

HOOVER—HAMLIN

The Hoover home on South Front street was the scene of a modest but very pretty wedding at 12:30 o'clock on Monday afternoon, when Miss Leavay E. Hoover became the bride of Sergeant Boyd H. Hamlin.

The ceremony, performed by the bride's pastor, Rev. C. W. Wasson, of Trinity M. E. church, was beautiful and impressive. It was witnessed by only the immediate friends of the contracting parties.

A luncheon followed the delightful nuptial event, after which the happy couple departed by automobile for Tyrone where they took the train on an eastern honeymoon trip.

The bride, a daughter of the late Mr. and Mrs. A. M. Hoover, deceased, who resided for years of a farm near the Dale settlement, came to this city with her brothers and sisters about a year ago, but was well known to many of our people prior to moving here. She is a most accomplished young lady, and well fitted for her new sphere in life.

The groom, a son of Mr. and Mrs. John Hamlin, of Kylertown, became a resident of our city several years ago and is a young man of sterling qualities. He was honorably discharged from army service only recently. He enlisted here on October 27, 1917, and following a short season at Fort Slocum and the Kelly Field, was transferred to the Aero Squadron, training school at Rich Field, Waco, Texas, where he remained until given his discharge.

The happy young couple, following their return from their wedding trip, will continue to make Philipsburg their home, and a large circle of friends will join the Journal in wishing them the fullest measure of happiness and prosperity.—Philipsburg Journal.

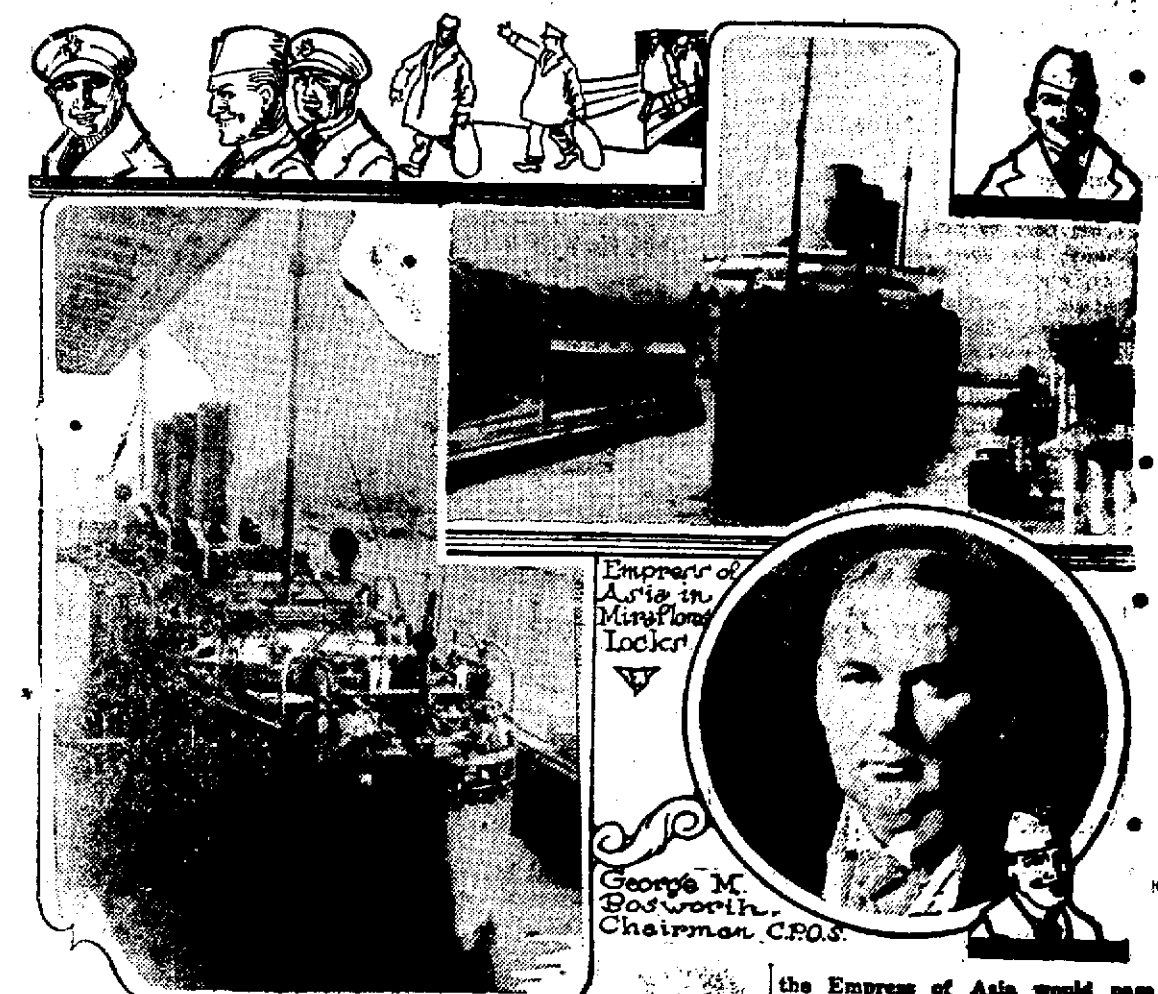

Mr. Howard Stewart, of Helmbold & Stewart has consented to act as Secretary of the Parade Committee. Call him on the phone to arrange for your unit to get a place in the parade.

A movement is on foot among Victory Loan Note subscribers to hold a parade of "job finishers" on Saturday night after the close of the campaign. Every man who is buying a Victory Loan note this time has been buying them in every campaign and in doing so has made no little sacrifice in luxuries and pleasures to say nothing of necessities in certain instances. Many of them feel that inasmuch as this is the final windup of war activities and that this is the last call that will be made on the pocketbook it is time to celebrate by having a good old-fashioned red fire, slide trombone, snorting parade. Accordingly a committee is hard at work today procuring bands and working up interest in a Victory Loan Note Subscribers' parade to be held at nine o'clock on Saturday evening. It is believed that every man who has "finished his job" either in the military or naval service or buying the Victory notes will enter heartily into the spirit of the occasion and that it will be a real Victory celebration. It is the purpose of the committee that every industry in Clearfield be represented in the parade.

whether all have subscribed or not. For instance, the N. Y. C. Engine House will be entitled to parade as a one hundred per cent. unit. Many others can do the same with a little effort between this and Saturday. Industries not reaching quite a one hundred per cent. rating will parade with all who have subscribed and we have no doubt but that as a general rule the average will be well up in the nineties all around.

Large advertising bills were struck off this morning urging everyone to get in line for the bond immediately, wearing their band immediately, wearing their fellows who are "finishing the job." The entire Clearfield district is invited to participate in the parade. Woodland is in this district and there is no doubt but that the patriotic people of that town will want a place in the line up. So is Glen Richey. They can have a unit. Perhaps the farmers want a unit. It can and will be arranged. It has been suggested that the school pupils and teachers who have bought bonds parade in a body under a school banner. Service men who have "finished their job" once and are now helping us finish ours, and there are many of them buying bonds are entitled to a prominent place. Every brick plant and factory in the district should immediately make application for a place in the parade.

The Victory Loan Note subscribers will march proudly. They have stuck to the job to the finish. It will be some time. Get in line for it by buying that note tomorrow.

CANADIAN HEROES ENJOY NOVEL
EXPERIENCE IN PASSING THROUGH PANAMA CANAL

A twenty-three day ocean voyage, that covered nine thousand miles and included a passage through the Panama Canal, was the unique experience of fifteen hundred home-bound members of the Canadian Expeditionary Forces who had originally enlisted in British Columbia for service overseas.

This ship belongs in the Pacific, and is one of the Canadian Pacific's "Empress" liners that ply between Vancouver and the Orient. She had been diverted to Atlantic waters to assist in the transportation of American troops to Europe and was ready to return to her regular run. At the same time there were in England and France a lot of British Columbia troops anxious to get home. Sir

Edward Kemp, Canadian Overseas Minister of Militia, and Mr. G. M. Bosworth, Chairman of the Canadian Pacific Overseas Service, arranged to send these troops home by an all-water route rather than have them waterbombed at a Canadian Atlantic port and cross the continent by rail.

The existence of the Panama Canal made this a feasible plan, otherwise the Empress of Asia would have found it advantageous to return to the Pacific via the Suez Canal, the route followed by her sister ship, the Empress of Russia. The passage of the Empress of Asia consumed nine and one-half hours and the toll charge was \$9,332.

As this was the first time, and in all probability the only time, that

the Empress of Asia would pass through the canal, the people of the canal zone made much of the event. There were friendly demonstrations all along the way, and a very cordial reception at Cristobal. The Empress posed for the above pictures in the Miraflores locks, six miles from the Pacific end of the canal. Enthusiastic receptions greeted the ship and her gallant passengers when they reached the end of the voyage. Victoria, B. C., where 250 distinguished guests, declared a public holiday and the whole population joined in welcoming the returning heroes. A tremendous ovation was given at Vancouver and, in spite of rain, huge crowds thronged the water front to get a first glimpse and handshake. The Empress of Asia has been so mentioned and is now in regular passenger service between Vancouver and the Orient.

You know what mellowness is—now think of a good friend who is never harsh to you.

QUALITY

We believe that a store like this owes something to the public beyond the mere gathering and selling of merchandise—that it has no business selling poor goods, no matter whether the buyer has discerning judgment or not.

We believe it is the duty of a store to make sure its goods are worthy before they reach its counters, and that they answer every test of excellence and trustworthiness to which a strict business policy subjects them.

Perhaps in all the years that we have been in business we have carried this policy to the extreme by measuring every article we sell by the severe test of Quality.

Quality is the guiding spirit of this store. Quality first, quality last, quality all the time. Quality is the keynote of our stocks—that honest, dependable quality that carries with it the assurance of lasting satisfaction. And if we speak of Quality First, it is simply because quality is the chief manifestation of economy and value.

THURSDAY, MAY 8TH WILL BEGIN THE MOST IMPORTANT EVENT OF THE WHOLE YEAR

Our 14th Anniversary Sale

THE entirely new conditions now existing in this country owing to the return to normal conditions, make this the most important occasion in the progressive history of this store. To properly celebrate the completion of fourteen years of successful storekeeping, we have decided to give our patrons the most extraordinary values of the entire year. As nothing is done half way here, every department in the store will make offerings of unusual interest, the result of long and careful preparation. Each day during this sale will bring many new and stirring offerings at very low prices, which will be well worth coming for. They will be typical economies offered by this store of service, which it will pay you to take full advantage of.

HONEST VALUES — SQUARE DEALING — SATISFACTION — SERVICE — COURTESY — CO-OPERATION — MODERN METHODS

Just as a great building must have a foundation, so much a great business has right principles. This great business rests very best. That they are right upon principles that stand for the for this, or any business, is manifested by the continual growth which has been ours throughout the past fourteen years. From a small business to our present business is by no means a small achievement, and it is to the steadfast adherence of these principles and your confidence that we credit our success. This Fourteenth Anniversary marks another setting of the sun on a business year. This month another year will have run its course and we shall be at your service every business day. Put us to the test. You will profit by attending this sale.

"BOOSTER CLUB" GETS BIG START WITH NEARLY HUNDRED MEMBERS

As stated in yesterday's Progress the Borough Loan organization has started a Victory Loan Booster's association, to which all persons are eligible who have subscribed to not less than \$1000.00 worth of bonds of the Fifth Government Loan.

The forming of this association is not intended in any way to minimize the importance of the smaller subscriptions. Many who subscribe for a small bond are worthy of equal or greater commendation than the large subscriber. It will also require the combined amounts of every \$50 and \$100 subscriber for Clearfield to reach her quota.

It is felt, however, that many of the large subscribers of former loans, who have thought themselves unable for various reasons, to take a large amount of this issue, should be reached in a special way and have the urgency of the situation placed before them. There are also some who have subscribed in this loan in amounts less than \$1000, who can increase their subscriptions to this figure and thus become members of the Boosters.

It is believed, too, that people of the town in general will be interested to see which of those who are able, are coming to the front and helping the government in this, its last great popular appeal.

It has therefore been determined to publish the list of the Booster members from day to day until the end of the campaign. The vital importance of all subscriptions large and small must be brought home to every member of the community. DuBois is reported to have passed its quota already. It is true that the Sandy metropolis has had a smaller amount to raise than we but hats off to her anyhow. Now let old Clearfield get down to business and hit her stride. We have seventy-five members in the Booster brigade now. We want two or three hundred more and about three thousand smaller subscriptions. Who'll be the first?

We failed to mention the Transfer department in our writup yesterday of the bond buying activities of the local N. Y. C. employees. One reason for the omission was because we had no report from this department.

The Busy Bee

There are several kinds—the old lady with the eggs, myself hustling for dollars and the new serial story that begins next week in

The COUNTRY GENTLEMAN

In the story—a hum-dinger, by the way—The Busy Bee is the name of a dead store in a dead town. However, it is owned by a live man. Once he gets going, he brings new business to the Busy Bee, new life to the town, new hope to the whole farming community.

Our town is a good deal more alive than most, but I'll bet even we could get pointers from this Busy Bee fellow. Why, the farmers round his town are making more money than they ever dreamed of before. Anyway, I want you to read the story. And the cheapest way for you to get all the installments is to buy a year's subscription for the COUNTRY GENTLEMAN. That will give you fifty-two big issues containing all manner of information about the farm, the garden and the home. One dollar is the price. Now is the time.

Golden Years Ahead If We All Pull Together

OUT of the shadow of the World War America emerges, facing a period of promise unparalleled in the History of Business.

There is but one more obstacle to be overcome one more gap to be bridged—the payment of the war debts. This is the purpose of the Victory Loan and, to accomplish it fully and completely, it is essential that we all pull together—that every man subscribe to the Victory Loan to the full extent to which he expects to benefit by the golden years to come.

HUNS GET PEACE TERMS AT VERSAILLES
"BLOND BEAST" STRIPPED OF ALL POWER

By FRED S. FERGUSON

(United Press Staff Correspondent)

VERSAILLES, May 7—The Germans received the terms of the peace treaty this afternoon on the fourth anniversary of the sinking of the Lusitania.

Four years ago Germany challenged civilization by torpedoing the liner without warning, killing 1,154 civilians.

Today she learns the price she must pay in finances, territory and loss of national prestige, her penalty in blood already having been exacted.

Selection of Versailles as the setting for this world drama is significant in that nearly a half century ago the modern German empire was born here at the conclusion of the Franco-Prussian war. Germany's dreams of world dominion began and ended in Versailles.

Premier Clemenceau was the first delegate to arrive for the peace conference. He reached the Triamion Palace Hotel at 2:20 P. M.

By FRED S. FERGUSON

(United Press Staff Correspondent)

VERSAILLES, May 7—The Germans received the peace treaty at 3:17 this afternoon. Presentation of the treaty followed a brief speech by Premier Clemenceau, chairman of the peace conference in which he welcomed the delegates. The manuscript of the treaty translated in German was handed to the enemy representatives by Secretary Tutasca. The official peace treaty as handed to the German delegates here today provides that:

Germany shall be bound to accept any agreement reached with her former allies.

German must restore Alsace-Lorraine to France.

Germany accepts internationalization of the Saar basin, temporarily.

Promulgate the League of Nations.

Danzig is permanently internationalized.

PRESIDENT WILL BE ABROAD WHEN
CONGRESS CONVENES MAY 19TH

WASHINGTON, May 7—A call for congress to meet in special session May 19, was issued by President Wilson today. Receipt of the President's cable issuing a call was announced at the White House today by Secretary Tumulty. The date set for the reconvening of congress probably means that President Wilson will not be here for the opening session.

Ship movements have been so rapid he said that all but a small working force, which it will be necessary to maintain, shall have sailed for the United States before that time.

COURT NOTES

Three divorce actions were begun in the Clearfield county courts this morning by A. H. Woodward, Esq., representing as many clients.

Ruth B. Buffington seeks a divorce from Percy L. Buffington after a married life lasting from Dec. 12, 1912, to Sept. 7, 1917. Desertion is charged.

Dora M. Deter seeks to be released from the tie which legally binds her to George W. Deter. They were married Nov. 18, 1910, and quit April 9, 1919, because "as the wife alleges George was too prodigal with his affections and failed to respect his marriage vows."

June Stumpf asks for a divorce from Jesse M. Stumpf after a married life continuing from Dec. 20, 1915, to October 1918. The charge in this case is also one of misplaced and promiscuous affection.

Franklin C. Weaver, by his attorney A. H. Woodward, entered suit in the Prothonotary's office yesterday against Isaac Straw, of Westover, for the purpose of recovering \$192.57, alleged to be due on a contract to farm on the shares between the parties.

The time of criminal court was taken up yesterday with an assault and battery case from the "Alcoholic Flats" adjacent to Polk's Bottom. In this case "Bibleback" Wilson and his son had Mr. and Mrs. George Neil and their son Grover arrested for assault and battery. "Bibleback" was represented by Wallace Smith, while W. A. and A. R. Chase looked after the interests of the defendants. The parties are neighbors and the trouble grew out of a series of family jars or jars between the families. Some rich, rare and racy testimony was adduced and the jury after hearing the fearful and wonderful tales offered decided the kettle had nothing on the pot, no harm had been done and directed that each side pay half the costs, which amounted to \$80.73, 12 side the fees promised the opposing lawyers.

Ralph Rhen, the Woodland negro, charged with an outrageous crime against little 4 year old Bertha Peters was found guilty of assault and battery with attempt to ravish, but has not been sentenced by the court.

The case of Com. vs. Walter Mul-

loy occupied the attention of court this morning. Mulloy is charged with rape and adultery on information made by Miss May Beatty, of Morris township. The alleged crimes were committed near Philipsburg and Hawk Run while the couple were returning from the circus at Philipsburg on the night of May 1st, 1918. District Attorney Arnold conducted the prosecution while A. H. Woodward Esq., represented Mulloy.

A REAL WAR RELIC

We were privileged to see quite an interesting relic last evening in the shape of a pair of binoculars or field glasses which had gone through the fierce fighting of the Argonne forest, the St. Mihiel drive and the other engagements of the American army during the latter part of 1918 or up until the armistice was signed and hostilities ended.

These glasses were the property of the late Hy M. Kurtz and were purchased by him on one of his European trips. Mrs. J. R. Ruddick, nee Kate Stock, daughter of Mr. and Mrs. John A. Stock, was in Clearfield when her husband Captain J. R. Ruddick, received orders to accompany his unit overseas. Mrs. Ruddick inserted a "want ad." in The Progress asking for the loan of a pair of binoculars. Charles T. Kurtz who now owns these glasses responded and loaned them for Capt. Ruddick's use. Before accepting the glasses Mrs. Ruddick deposited \$65.00 with Mr. Kurtz as a guarantee in case of loss.

Captain Ruddick took the glasses to France with him and used them during the Argonne forest fighting and when stricken with influenza turned them over to his friend Capt. McCabe, who used them until wounded in the St. Mihiel drive and the glasses were then given to another army Captain who had them up until the end.

The glasses were received here last evening by John A. Stock for return to their owner, having been sent by Mrs. Ruddick from St. Paul, Minn., by parcel post. The cases shows the wear and tear of the strenuous campaign they were subjected to but the glasses are just as good as new.

The most curious bed ever seen was probably that made for Che-mah the famous Chinese dwarf. His bed was two feet six inches in length, and although he measured scarcely four inches around the chest, he insisted that it be made four feet wide.

"JOB FINISHERS" WILL HOLD BUMPER PARADE IN CLEARFIELD
ON SATURDAY NIGHT TO CELEBRATE LOAN SUCCESS

HOOVER-HAMLIN

The Hoover home on South Front street was the scene of a modest but very pretty wedding at 12:30 o'clock on Monday afternoon, when Miss Leavay E. Hoover became the bride of Sergeant Boyd H. Hamlin.

The ceremony, performed by the bride's pastor, Rev. C. W. Wasson, of Trinity M. E. church, was beautiful and impressive. It was witnessed by only the immediate friends of the contracting parties.

A luncheon followed the delightful nuptial event, after which the happy couple departed by automobile for Tyrone where they took the train on an eastern honeymoon trip.

The bride, a daughter of the late Mr. and Mrs. A. M. Hoover, deceased, who resided for years of a farm near the Dale settlement, came to this city with her brothers and sisters about a year ago, but was well known to many of our people prior to moving here. She is a most accomplished young lady, and well fitted for her new sphere in life.

The groom, a son of Mr. and Mrs. John Hamlin, of Kylertown, became a resident of our city several years ago and is a young man of sterling qualities. He was honorably discharged from army service only recently. He enlisted here on October 27, 1917, and following a short season at Fort Slocum and the Kelly Field, was transferred to the Aero Squadron, training school at Rich Field, Waco, Texas, where he remained until given his discharge.

The happy young couple, following their return from their wedding trip, will continue to make Philipsburg their home, and a large circle of friends will join the Journal in wishing them the fullest measure of happiness and prosperity.—Philipsburg Journal.

Mr. Howard Stewart, of Helmbold & Stewart has consented to act as Secretary of the Parade Committee. Call him on the phone to arrange for your unit to get a place in the parade.

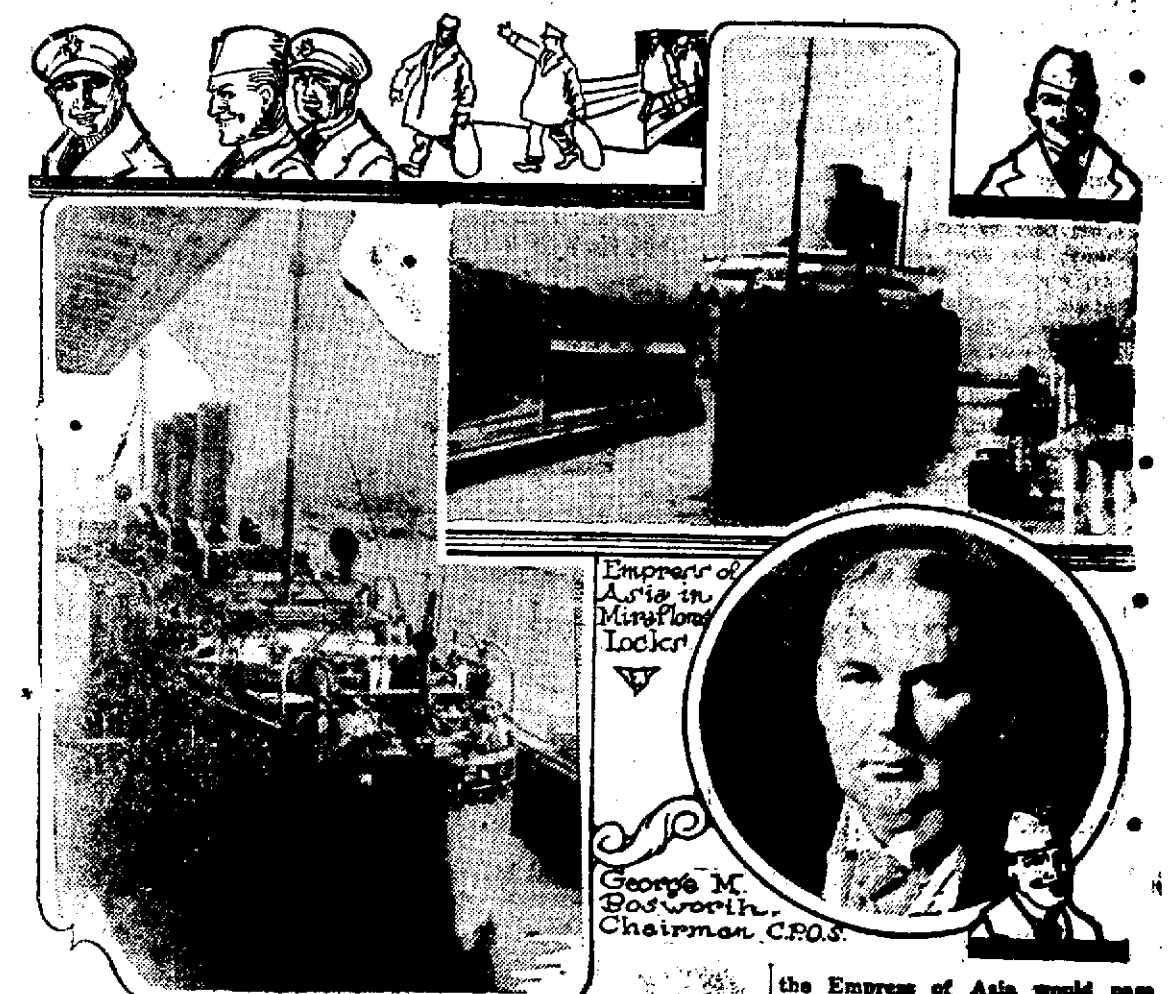

A movement is on foot among Victory Loan Note subscribers to hold a parade of "job finishers" on Saturday night after the close of the campaign. Every man who is buying a Victory Loan note this time has been buying them in every campaign and in doing so has made no little sacrifice in luxuries and pleasures to say nothing of necessities in certain instances. Many of them feel that inasmuch as this is the final windup of war activities and that this is the last call that will be made on the pocketbook it is time to celebrate by having a good old-fashioned red fire, slide trombone, snorting parade. Accordingly a committee is hard at work today procuring bands and working up interest in a Victory Loan Note Subscribers' parade to be held at nine o'clock on Saturday evening. It is believed that every man who has "finished his job" either in the military or naval service or buying the Victory notes will enter heartily into the spirit of the occasion and that it will be a real Victory celebration.

It is the purpose of the committee that every industry in Clearfield be represented in the parade.

whether all have subscribed or not. For instance, the N. Y. C. Engine House will be entitled to parade as a one hundred per cent. unit. Many others can do the same with a little effort between this and Saturday. Industries not reaching quite a one hundred per cent. rating will parade with all who have subscribed and we have no doubt but that as a general rule the average will be well up in the nineties all around.

Large advertising bills were struck off this morning urging everyone to get in line for the bond immediately, wearing their band immediately, wearing their fellows who are "finishing the job." The entire Clearfield district is invited to participate in the parade. Woodland is in this district and there is no doubt but that the patriotic people of that town will want a place in the line up. So is Glen Richey. They can have a unit. Perhaps the farmers want a unit. It can and will be arranged. It has been suggested that the school pupils and teachers who have bought bonds parade in a body under a school banner. Service men who have "finished their job" once and are now helping us finish ours, and there are many of them buying bonds are entitled to a prominent place. Every brick plant and factory in the district should immediately make application for a place in the parade.

The Victory Loan Note subscribers will march proudly. They have stuck to the job to the finish. It will be some time. Get in line for it by buying that note tomorrow.

CANADIAN HEROES ENJOY NOVEL
EXPERIENCE IN PASSING THROUGH PANAMA CANAL

A twenty-three day ocean voyage, that covered nine thousand miles and included a passage through the Panama Canal, was the unique experience of fifteen hundred home-bound members of the Canadian Expeditionary Forces who had originally enlisted in British Columbia for service overseas.

This ship belongs in the Pacific, and is one of the Canadian Pacific's "Empress" line. She had been diverted to Atlantic waters to assist in the transportation of American troops to Europe and was ready to return to her regular run. At the same time there were in England and France a lot of British Columbia troops anxious to get home. Sir

Edward Kemp, Canadian Overseas Minister of Militia, and Mr. G. M. Bosworth, Chairman of the Canadian Pacific Overseas Service, arranged to send these troops home by an all-water route rather than have them water route rather than have them disembark at a Canadian Atlantic port and cross the continent by rail. The existence of the Panama Canal made this a feasible plan, otherwise the Empress of Asia would have found it advantageous to return to the Pacific via the Suez Canal, the route followed by her sister ship, the Empress of Russia. The passage of the Panama Canal consumed nine and one-half hours and the toll charge was \$9,332.

As this was the first time, and in all probability the only time, that the Empress of Asia would pass through the canal, the people of the canal zone made much of the event. There were friendly demonstrations all along the way, and a very cordial reception at Cristobal. The Empress posed for the above pictures in the Miraflores locks, six miles from the Pacific end of the canal. Enthusiastic receptions greeted the ship and her gallant passengers when they reached the end of the voyage. Victoria, B. C., where 250 demonstrators declared a public holiday and the whole population joined in welcoming the returning heroes. A tremendous ovation was given at Vancouver and, in spite of rain, crowds thronged the water front to get a first glimpse and handshake. The Empress of Asia has been so mentioned and is now in regular passenger service between Vancouver and the Orient.

Velvet Joe

Velvet is a friendly tobacco in the truest sense, because, like friendship, it has been allowed to ripen naturally—nothing forced or unnatural.

There are "hurry up" ways with tobacco but only patient ageing (two years in wooden hog-heads) can bring out the mellowness that sets Velvet apart.

You know what mellowness is—now think of a good friend who is never harsh to you.

There you have the big thing about Velvet—mellow friendliness.

QUALITY

We believe that a store like this owes something to the public beyond the mere gathering and selling of merchandise—that it has no business selling poor goods, no matter whether the buyer has discerning judgment or not.

We believe it is the duty of a store to make sure its goods are worthy before they reach its counters, and that they answer every test of excellence and trustworthiness to which a strict business policy subjects them.

Perhaps in all the years that we have been in business we have carried this policy to the extreme by measuring every article we sell by the severe test of Quality.

Quality is the guiding spirit of this store. Quality first, quality last, quality all the time. Quality is the keynote of our stocks—that honest, dependable quality that carries with it the assurance of lasting satisfaction. And if we speak of Quality First, it is simply because quality is the chief manifestation of economy and value.

THURSDAY, MAY 8TH WILL BEGIN THE MOST IMPORTANT EVENT OF THE WHOLE YEAR

Our 14th Anniversary Sale

THE entirely new conditions now existing in this country owing to the return to normal conditions, make this the most important occasion in the progressive history of this store. To properly celebrate the completion of fourteen years of successful storekeeping, we have decided to give our patrons the most extraordinary values of the entire year. As nothing is done half way here, every department in the store will make offerings of unusual interest, the result of long and careful preparation. Each day during this sale will bring many new and stirring offerings at very low prices, which will be well worth coming for. They will be typical economies offered by this store of service, which it will pay you to take full advantage of.

HONEST VALUES — SQUARE DEALING — SATISFACTION — SERVICE — COURTESY — CO-OPERATION — MODERN METHODS

Just as a great building must have a foundation, so much a great business has right principles. This great business rests very best. That they are right upon principles that stand for the for this, or any business, is manifested by the continual growth which has been ours throughout the past fourteen years. From a small business to our present business is by no means a small achievement, and it is to the steadfast adherence of these principles and your confidence that we credit our success. This Fourteenth Anniversary marks another setting of the sun on a business year. This month another year will have run its course and we shall be at your service every business day. Put us to the test. You will profit by attending this sale.

"BOOSTER CLUB" GETS BIG START WITH NEARLY HUNDRED MEMBERS

As stated in yesterday's Progress the Borough Loan organization has started a Victory Loan Booster's association, to which all persons are eligible who have subscribed to not less than \$1000.00 worth of bonds of the Fifth Government Loan.

The forming of this association is not intended in any way to minimize the importance of the smaller subscriptions. Many who subscribe for a small bond are worthy of equal or greater commendation than the large subscriber. It will also require the combined amounts of every \$50 and \$100 subscriber for Clearfield to reach her quota.

It is felt, however, that many of the large subscribers of former loans, who have thought themselves unable for various reasons, to take a large amount of this issue, should be reached in a special way and have the urgency of the situation placed before them. There are also some who have subscribed in this loan in amounts less than \$1000, who can increase their subscriptions to this figure and thus become members of the Boosters.

It is believed, too, that people of the town in general will be interested to see which of those who are able, are coming to the front and helping the government in this, its last great popular appeal.

It has therefore been determined to publish the list of the Booster members from day to day until the end of the campaign. The vital importance of all subscriptions large and small must be brought home to every member of the community. DuBois is reported to have passed its quota already. It is true that the Sandy metropolis has had a smaller amount to raise than we but hats off to her anyhow. Now let old Clearfield get down to business and hit her stride. We have seventy-five members in the Booster brigade now. We want two or three hundred more and about three thousand smaller subscriptions. Who'll be the first?

TRANSFER DEPARTMENT WANTS IN

We failed to mention the Transfer department in our writup yesterday of the bond buying activities of the local N. Y. C. employees. One reason for the omission was because we had no report from this department.

Today we are informed that of the nine men at the Transfer eight have already purchased bonds and the ninth who has had a lot of hard luck, hopes to be able to make it one hundred per cent. by the 10th.

The Busy Bee

There are several kinds—the old lady with the eggs, myself hustling for dollars and the new serial story that begins next week in

The COUNTRY GENTLEMAN

In the story—a hum-dinger, by the way—the busy bee is the name of a dead store in a dead town. However, it is owned by a live man. Once he gets going, he brings new business to the Busy Bee, new life to the town, new hope to the whole farming community.

Our town is a good deal more alive than most, but I'll bet even we could get pointers from this Busy Bee fellow. Why, the farmers round his town are making more money than they ever dreamed of before. Anyway, I want you to read the story. And the cheapest way for you to get all the installments is to buy a year's subscription for the COUNTRY GENTLEMAN. That will give you fifty-two big issues containing all manner of information about the farm, the garden and the home. One dollar is the price. Now is the time.
